NANTHAKUMAR J J

has successfully completed the online, non-credit Specialization

Introduction to Scripting in Python

This specialization is intended for beginners who intend to master essential programming skills. Through four courses, you will cover key Python programming concepts which will prepare you to use Python to perform common scripting tasks. This will provide a solid foundation for future careers in data science, software engineering, or other careers involving programming.

Joe Warren
Professor
Dept. of Computer
Science
Rice University

Scott Rixner
Professor
Dept. of Computer
Science
Rice University
